Dear Mr Palmer

**RE: Towergate Charitable Foundation support for CHASE hospice care for children**

On behalf of everyone here at CHASE, a heart felt thank you to Towergate Chase Parkinson and the Towergate Charitable Foundation for your donations in 2008 totalling £3,011.38. We are delighted that your support will continue in 2009 as your contributions really do make a difference to the families that we care for.

As you may know CHASE hospice care for children provides care and support to over 300 families who all have one thing in common - a child who will not live to reach adulthood because of their medical conditions.

Our network of care is built around the needs of each child and their family; practical, medical and emotional support. Families can choose from a wide range of community and hospice based services from our award winning Community Care team and Christopher's, our home from home children's hospice outside Guildford. We look after the entire family in whatever way they require - 24 hours a day, 365 days a year, working throughout Surrey, Sussex and SW London.

At CHASE we strive to make childhood and teenage years just what they should be, full of fun, opportunities, independence, and creating memories, for the time when memories are all that is left.

It will cost over £3.5 million this year to run our vital service and we rely almost totally on charitable donations such as the ones from Towergate Chase Parkinson and the Towergate Charitable Foundation.

We thank you most sincerely for your support.
