Dear Mr. Palmer,

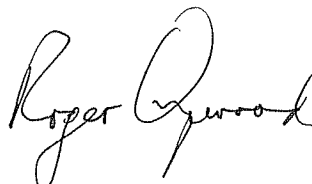

We are very grateful to you for the £200 you have donated to our work. We appreciate you will have many requests from many deserving causes, and that it must be difficult to choose the work you wish to support. So we feel very privileged to have a donation from you.

There is a constant demand for solutions to help disabled people and their carers. It is our job to try and design equipment that can be of benefit, but this cannot happen without the support of generous donors such as yourselves. As we often say, you are very much part of a team effort, and we are very grateful to you for your assistance.

One of the benefits of working in a field such as ours is the feedback we get from the people we support. We get to see the look on people's faces when one of our designs has helped to make a real difference to their life. I hope you get some sense of that from the enclosed report but you are also very welcome indeed to visit us and see more directly the benefits to people's lives that your donation has enabled.

I enclose our official receipt which is sent with our many thanks, and I have made a note not to submit any further request.

Yours sincerely,

Professor Roger Orpwood,
Director.
