12 February 2010

Dear Emma

Thank you so much for your recent donation of £350, money raised as a result of your lunchtime "Cinderella in 60 seconds" event, I certainly haven't heard of that kind of fundraiser before, but it works and judging by the photos you obviously had a lot of fun, so well done and I must tell the rest of my team the idea!

As I am sure that you know, Towergate staff and customers have been working to raise valuable funds for Great Ormond Street Hospital Children's Charity over the past few years, and are currently helping to fund a childhood leukaemia research project which is researching new methods to diagnose the disease in its very early stages, as well as looking into how clinicians can better balance the potential toxic effects of the therapy used and the effective control of the disease. Further details about the project if you are interested are on the Towergate website.

Thank you once again, all the hard work that went into raising that money is much appreciated, I will also look forward to receiving the matched giving from Julian Palmer in the summer. Please be sure to also pass on my thanks to your Managing Director and the rest of your team.

Yours sincerely,

Caroline
