17th August 2009

Dear Mr Palmer,

I was delighted to receive your letter today about the continuing support Towergate Charitable Foundation is giving to St Helena Hospice, both through local fundraising and through match funding from your Charitable Foundation.

We are very grateful to our local team for their interest and motivation, especially at a time when commercial organisations have a lot of other pressures. Funding for hospices throughout the UK is always unpredictable and unstable, and the recession gives all of us additional cause for anxiety, so we very much appreciate the financial support and advocacy of a very successful commercial organisation such as Towergate.

I enclose a copy of our Annual Report, so that you and your colleagues can see the contribution you are making to the care of local people. Again, please accept my very warm thanks on behalf of all our patients and their families who you are helping through your support.

I have also, of course, written to thank our local team.

Yours sincerely,

Rosy Stamp
Hospice Director
