9<sup>th</sup> September 2008

Dear Mr Cullum,

I am writing to thank you for the support Towergate Charitable Foundation has given to St Helena Hospice.

Hospices nationally greatly appreciate Towergate's choice to champion our cause through Help the Hospices and we understand that next year you will increase the amount you donate through "Help the Hospices" to around £250,000.

Our St Helena fundraisers were delighted that this year Towergate provided a team for our "It's a Knockout" event and raised £1,142.55, which you have now match funded with £ 2,369.07 to include the past year weekly team "dress down" donations.

As you are aware, funding for hospices throughout the UK is always unpredictable and unstable, with government funding usually amounting to about one third of the costs every year. St Helena is no exception and we very much appreciate the financial support and advocacy of a very successful commercial organisation such as Towergate.

If you are ever in this area visiting your Colchester office I would be delighted to show you round St Helena Hospice. Meanwhile, please accept my very warm thanks on behalf of all our patients and their families who you are helping through your support.

Yours sincerely,

Rosy Stamp  
Hospice Director
