25 February 2010

Dear Mr Homer

My sincere thanks for taking part in the Aerobathon on the 8th February at The Tudor Park Hotel and for your most generous donation of £2000 made to the NSPCC.

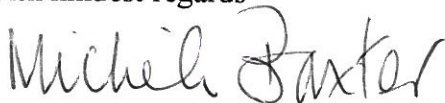

I was quite overwhelmed when Lynda called me regarding the donation - It was most unexpected, and very gratefully received.

We have a very challenging year ahead of us in the South East as our services for children are going to change dramatically during the new Strategy. Fortunately for Kent children, the childrens centre in Gillingham will remain to provide weekly therapeutic support to over 65 children and families each week who have suffered from the effects of abuse – sadly most of which are sexual abuse. The money you have donated to the NSPCC will continue to support the work carried out in Gillingham and is greatly appreciated.

I have made an offer to Lynda to come and see for herself the work that we do locally for children at a time to suit her. If you felt that this too would be of interest, then I would more than happy to take you both to our wonderful centre.

Once again, thank you so much for allowing us to benefit from such a generous donation.

With kindest regards

Michele Baxter
