BUILD A SCHOOL
Charity No. 1118476

Dear Mr Palmer

RE: Donation from Trustees of the Towergate Charitable Foundation

The cheque for £250 was received today from your organisation. On behalf of our trustees here in the UK, and on behalf of our beneficiaries in Malawi, a big thank you for your generous support.

You mentioned in our previous telephone conversation that you have a division in Leeds that is interested in building a classroom or school in Africa. Our new website, www.buildaschool.org.uk, has a projects section that highlights our work for the future, including a section on how companies can sponsor a whole class or even a complete school project.

I would welcome the opportunity to discuss these projects further and explain what we can offer in return for this level of support. This includes presenting the school concerned with a plaque with the company name engraved, photography of the opening ceremony and professional video footage that can be presented to the donor as a DVD.

Many thanks again for Towergate's support and please get in touch with me personally if your fellow colleagues would like to discuss our projects in more detail.

Yours sincerely

Luke Dolby
Chairman
